

EMAP Conferences

Various promotional conferences brochures (from 2003)

We have worked with EMAP Conferences for over four years to design promotional literature for their various conferences. Publications include Local Government Chronicle, Middle East Economic Digest, Architects' Journal, Construction News, Retail Week, Drapers, Health Service Journal and Nursing Times.

These are very fast turnaround jobs. Design briefs arrive on the Monday morning and finished artwork is delivered to the printer by the end of the week. Creativity and typesetting under strict time and budget constraints!

"I love Frontmedia's "can do attitude". They offer a great service, fast turnaround and design is always of a high quality. This is why 8 out of 10 cats prefer Frontmedia ;-)"
